MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: Equipment Waiver (Patrol Vehicle) for LH 642 (Enforce Traffic Regulation) and LH 060 (Patrol Incidents Exam) for FY 02

1. Reference TRADOC Reg 350-18, Chapter 2, paragraph 2-4a (8).
2. This memorandum is in response to request(s) received from several MP TASS battalions, requiring a waiver for equipment (Automobile Sedan, Class III Mid Size, LIN B04715) as listed in Lesson Plan LH 642 and LH 060. Inactive Duty Training (IDT) sites are unable to obtain a patrol vehicle(s) required for students as identified in the Lesson Plan and equipment summary (POI, Annex G- Page G-50) during IDT Phase I. Most of the sites are in remote locations and do not have the support of military installations. Every effort will be made to acquire the sedans through customer units and or local law enforcement agencies.
3. The TASS Battalion will use available vehicles at each IDT site such as Personally Owned Vehicle (POV), HUMMWV, GSA, or local law enforcement agency patrol vehicle in lieu of the required patrol vehicle as stipulated in the lesson plan and/or evaluation. The following courses of action will be conducted to meet the standards outlined in the lesson plan or evaluations:
 - a. All tasks that require the use of a vehicle will have a staged (non-moving) vehicle for students use.
 - b. Instructors will ask what actions would be required for each lesson plan, i.e., enforce traffic regulations, respond to domestic disturbance, and transport offenders, etc.
 - c. Patrols will respond on foot (walking patrol incidents).

ATSJ-MP-DAC-RC

SUBJECT: Equipment Waiver (Patrol Vehicle) for LH 642 (Enforce Traffic Regulation) and LH 060 (Patrol Incidents Exam) for FY 02

4. A waiver is granted for the current courses being taught. Approval of this waiver is predicated upon your unit being able to train the task to standard.

5. The USAMPS point of contact is COL Lawrence Saucier, DAC-USAR, (573)563-8082.

FOR THE COMMANDANT:

DAVID F. TREUTING
